

August 23, 2010

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2009-2010 educational progress for Waukazoo Elementary School. Our annual report addresses the complex reporting information required by federal and state laws. Our school's report contains important information about our school, as well as student assessment results, Adequate Yearly Progress (AYP) and teacher qualifications. If you have any questions about our annual report, please contact Jerry McDowell for assistance.

The AER is available for you to review electronically by visiting the following West Ottawa Public Schools web site: www.westottawa.net/schools/ or you may review a printed copy from the principal's office at our school.

For 2009-2010, Waukazoo Elementary made Adequate Yearly Progress (AYP) in English language arts and mathematics. While we are pleased to have reached this important goal, we are continuously working to improve. We appreciate the continued support of parents, staff and our community in this effort.

State law requires that we also report additional information about our school. The attached report will provide you with the following additional information about our school and our achievements.

State law requires that we also report additional information about our school. The attached report will provide you with the following additional information about our school and our achievements:

- Information about our school, including the process for assigning students to our school, and a description of the specialized programs that we have available for students at our school
- Our 3-5 year school improvement goals in the core content areas, and our progress to date in meeting the goals.
- A description of our core curriculum, how it is being implemented, as well as how you can access a copy of the core curriculum for review.
- Aggregate student achievement results for local assessments required by law and nationally normed achievement tests administered within the district

- Parent participation in parent-teacher conferences, and community involvement in our school.
- Additional points of pride about our school.
- Parents' Right to Know
- Additional state and federally required data regarding state assessment results, AYP, teacher quality, and national assessment results.

Our mission is to develop individuals with the capacity to think, inquire, problem solve, collaborate and reflect. We will develop a strong sense of community built on mutual understanding and respect. We will strive to continuously improve and take action to build a better, more peaceful world.

Our vision is to build a school where continuous improvement and the desire to excel is the norm. We will develop a professional learning community and a collaborative student learning community. We will accomplish this by building a learner profile that includes: balanced, risk-taker, communicator, inquirer, principled, open-minded, knowledgeable, caring, reflective, and thinker.

Our instruction will be purposeful and transdisciplinary. We will work to make everything we do in our community, outside of our school, and in our classrooms connect. Everything for which we take responsibility will have a purpose. That purpose will be to help learners construct meaning. We will share this purpose with all of our constituents.

We will encourage our children and school community to take action by choosing, acting, and reflecting. These actions will have an impact on individuals, families, our school, our local community, and our world.

In order to take action we will prepare our students with the skills necessary to be successful. These include; social, communication, thinking, and the self-management techniques that are necessary for success.

In the end, we will continuously reflect on what it is we are doing, if it is working, and what we can do better.

Waukazoo Elementary is appreciative of your continued partnership and the educational growth and development of your child(ren). Thank you for your continued support, dedication, and commitment.

Sincerely,

Jerry McDowell
Principal

West Ottawa Public Schools

Waukazoo Elementary School

1294 W. Lakewood Blvd., Holland, MI 49424

About Our School

Process For Assigning Pupils to the School:

Students are assigned to Waukazoo based upon a geographical location. Boundaries for bussing exist in the nine-elementary school district. If parents request Waukazoo, they provide their own transportation. Waukazoo Elementary is frequently requested by parents.

A Brief Description of Waukazoo Elementary School:

Waukazoo Elementary School is a K – 5 primary years school. We annually serve over 500 students in our school. Our students represent our diverse and rich community. Waukazoo Elementary School is interested in pursuing the Candidate Status as an IB World School. The IB Primary Years Programme (PYP) is a curriculum designed for young learners. The PYP program encourages students to understand their own identity, learning styles and interests while becoming knowledgeable, risk-takers, open-minded, well-balanced, and reflective. Waukazoo Elementary is the home to West Ottawa's Montessori Program. This approach to teaching and learning provides is one more way we try to design and develop programs that meet the learning styles of individuals.

School Improvement

The Waukazoo Improvement Team remains focused on implementing best practices in all content areas. Within the school improvement process, our staff is able to analyze data and adjust instruction with a goal of improved student learning. Through this dedicated work of everyone in our school community we are able to accomplish these high academic student achievement goals. The Waukazoo School Improvement Plan calls for action in improving student achievement in the five core subjects. We have identified key strategies, as well as interventions and extensions, for these strategies.

We collect and measure the results of the data collected to assess evidence of impact and address implications and/or adjust the goals. Our school improvement plan is updated and reviewed annually. We are currently in the 2nd year of our current cycle.

Our School Improvement Goals are as follows:

- **Writing:** By the year 2014, 100% of students will score proficient in writing as measured by MEAP and district writing prompts.
- **Reading:** By the year 2014, 100% of students will score proficient in reading as measured by MEAP and District Assessments.
- **Math:** By the 2014 school year, 100% of students will score proficient in math as measured by MEAP and District Assessments.
- **Science:** By the year 2014, 100% of students will score proficient in reading as measured by MEAP and District Assessments.

- **Social Studies:** By the year 2014, 100% of students will score proficient in reading as measured by MEAP and District Assessments.

The Waukazoo staff also continues to focus on a child-centered positive behavior support model following the principles of Respect, Responsibility, and Ready to Learn.

The school improvement plan is available for review on our district website:
www.westottawa.net/schools/waukazooelementary

HOW TO ACCESS A COPY OF THE CORE CURRICULUM AND A DESCRIPTION OF ITS IMPLEMENTATION

The core curriculum provides a framework for our educational programs. It is a set of expectations all students should achieve to progress in their schooling.

We are working to deliver a curriculum that provides all students with the knowledge and skills necessary for living effectively today and in the future.

Waukazoo teachers use district approved curriculum resources to implement our core instruction. These resources include: HM Math Expressions, Battle Creek Science Kits, Lucy Calkins writing program, 6 + 1 writing traits, Houghton Mifflin Reading program, SIOP, Social Studies Alive and History alive. We are currently working to deliver this instruction in a transdisciplinary manner using a structured inquiry approach.

Our curriculum provides expanded opportunities designed to meet individual needs. Course offerings exceed core curriculum requirements established by the Michigan Department of Education. Strong academic programming is supported by quality technology and facilities.

Integrated with our core academic curriculum and enhancing a student's quality educational experiences are:

- 🐾 International Baccalaureate Primary Years Programme
- 🐾 Montessori Programs
- 🐾 clubs, organizations, and athletics
- 🐾 community partnerships
- 🐾 field trips, assemblies, and special activities/events
- 🐾 integration of technology into instruction and assessment
- 🐾 library-media resources
- 🐾 Project CHARLIE
- 🐾 special education
- 🐾 technology tools/resources

Student achievement remains our top priority. Higher standards and greater expectations have resulted in the implementation of a variety of instructional methods, progressive teaching strategies, and specialized programs designed to respond to the individual needs and learning styles of a diverse student population. We offer a demanding academic schedule for all students with an emphasis on college preparation skills. This program is supported by strong educational components that provide real-world vocational/technical training choices for students.

We embrace the concept of a brain-compatible learning environment, recognizing that individuals learn at different rates of growth through different methods of instruction and a

variety of teaching/learning styles. Our curriculum makes provisions for the variability of academic skills, interests, and social, emotional, and physical development within our student population.

THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS.

District Interim Assessments for math and English Language Arts was piloted during the 2009-2010 school year. Targeted date for reporting information related to these tests will be June 2012.

Parent and Community Involvement in our School

Parent and community involvement in the education of children and participation in the life of a school are reflected in many ways. One avenue is attendance at parent-teacher conferences. In 2008-2009, the percentage of parents that attended parent-teacher conferences was 98%. In 2009-2010, the percentage of parents that attended parent-teacher conferences was 98%

Parents' Right to Know

To comply with the Parents Right-To-Know legislation included in the No Child Left Behind Act of 2001, parents may request information regarding the professional qualifications of the student's classroom teachers and paraprofessional/education assistant, if applicable. For more information, please contact Sue Vincent in Human Resources via email at: vincents@westottawa.net or by phone at (616) 638-5780.

Additional state and federally required data regarding state assessment results, AYP, teacher quality, and national assessment results.

The No Child Left Behind Act of 2001 requires that all districts and schools in Michigan report out on several educational components regarding state assessment results, AYP, teacher quality, and the NAEP. Below is a description of each of those components. The data for each of those components is reported out in the pages of our annual report that follow the descriptions.

- Results of State-Administered Assessments (MEAP, MME, Mi-Access)—these reports provide the results of the state assessments administered in our school the past two years, including how our students did overall and by group.
- AYP data—this report provides information about our school's AYP and Education YES! status.
- Teacher Quality—this report provides you with information on the professional qualifications of the teachers at our school

- NAEP—The National Assessment of Educational Progress assessment is administered annually to a representative sample of 4th and 8th graders in schools across the 50 states. This report reflects how 4th and 8th grade students in the Michigan part of this national sample achieved on the NAEP, and does not reflect the achievement of West Ottawa Public School students.

We are very proud of Waukazoo Elementary and appreciate the partnership of our families as a community nurturing future thinkers, and leaders. We are proud to be recognized as one of the premiere schools in West Michigan. Our student achievement consistently ranks at the top of the community. We are a globally minded school preparing children who are ready to lead.

You are welcome at Waukazoo at all times.

Sincerely,

Jerry McDowell
