

August 23, 2010

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2009-2010 educational progress for North Holland Elementary School. Our annual report addresses the complex reporting information required by federal and state laws. Our school's report contains important information about our school, as well as student assessment results, Adequate Yearly Progress (AYP) and teacher qualifications. If you have any questions about our annual report, please contact Karen Abraham for assistance.

The AER is available for you to review electronically by visiting the following West Ottawa Public Schools web site: www.westottawa.net/schools/ or you may review a printed copy from the office at our school.

For 2009-2010, North Holland Elementary School made Adequate Yearly Progress (AYP) in English language arts and mathematics. While we are pleased to have reached this important goal, we are continuously working to improve. We appreciate the continued support of parents, staff and our community in this effort.

State law requires that we also report additional information about our school. The attached report will provide you with the following additional information about our school and our achievements:

- Information about our school, including the process for assigning students to our school, and a description of the specialized programs that we have available for students at our school
- Our 3-5 year school improvement goals in the core content areas, and our progress to date in meeting the goals.
- A description of our core curriculum, how and how it is being implemented, as well as how you can access a copy of the core curriculum for review.
- Aggregate student achievement results for local assessments required by law and nationally normed achievement tests administered within the district
- Parent participation in parent-teacher conferences, and community involvement in our school.
- Additional points of pride about our school.
- Parents' Right to Know

- Additional state and federally required data regarding state assessment results, AYP, teacher quality, and national assessment results.

In addition to making AYP, North Holland staff is proud to begin the process of becoming an International Baccalaureate (IB) school. We will continue to work together as a school staff to provide the excellent education the community has come to expect.

Sincerely,

Karen Abraham, Principal
North Holland Elementary

Karen Abraham, Principal

About Our School

North Holland Elementary has been a rural neighborhood school since 1965. Students are assigned to North Holland based upon geographical location determined by boundaries for each of the nine elementary schools in the district.

During the 2010-2011 school year, North Holland will begin the process of becoming an International Baccalaureate School. The International Baccalaureate (IB) Primary Years Programme (PYP) is a curriculum designed for young learners. The PYP program encourages students to understand their own identity, learning styles and interests while becoming knowledgeable, risk-takers, open-minded, well-balanced, and reflective.

School Improvement

Our School Improvement Team developed 3 year goals in all content areas. The 2009-2010 component of each goal was not met this year.

By 2012, 100% of students at North Holland will be proficient in reading as measured by MEAP, Rigby Running Records, DIBELS, and District Interim Reading assessments. Additionally, each subgroup will increase the percentage of students scoring proficient on MEAP, Rigby Running Records, DIBELS and District common assessments by at least 10% each year.

We met our reading goal in 5th grade but not in 3rd or 4th during 2009-2010. We met our goal in 5th grade in the following subgroups: economically disadvantaged, Hispanic, Caucasian, females, and males. Our goal was also met in 3rd grade in our economically disadvantaged subgroup. Strategies that we will use to improve our schools reading scores include using collaborative grade level and school teams to consistently analyze demographic and achievement data to inform decisions regarding implementation of best practices, instructional resources, and assessment tools for use in reading K-5. Staff will also work on curriculum alignment and resources in the targeted areas.

By 2012, 100% of students at North Holland will be proficient in writing as measured by MEAP and District common assessments. Additionally, each subgroup will increase the percentage of students scoring proficient on MEAP and district common assessments by at least 10% each year.

Due to significant changes in the Writing test on the MEAP during the 2009-2010 school year, no results were provided to school this year only. Therefore, MEAP data is based on previous years' data. We met our writing goal in all grades during 2008-2009. In order to continue our improvement in writing, North Holland staff plans to work in collaborative grade level and school teams to analyze writing data, study and implement Lucy Calkins' Writer's Workshop model, and consistently use SIOP instructional strategies to meet individual student needs.

By 2012, 100% of students at North Holland will be proficient in math as measured by MEAP and District math assessments. Additionally, in each subgroup 100% of the students will be proficient or the percentage of students proficient in math as measured by MEAP and District math assessments will increase by at least 10% each year.

We met our math goal of 100% proficient in 3rd grade for the past two years. We met for goal for improvement in 5th but not for 4th grade. Significant declines in 4th grade math scores were seen in the following subgroups: Hispanic. Strategies that North Holland staff will use to address these areas of need include working in collaborative teams to analyze math data, implementing Math RtI, and using SIOP instructional strategies.

By 2012, 100% of students at North Holland will be proficient in science as measured by MEAP and District science assessments. Additionally, each subgroup will score 100% proficient on MEAP and District science assessments by 2012 or increase by at least 10% each year.

We met our science goal of improvement in 5th grade during 2009-2010. Significant increases were observed in the following subgroups: economically disadvantaged and Hispanic. In order to meet our school goal of 100% proficient, staff will work in collaborative grade level and school teams to consistently analyze demographic and achievement data to inform decisions regarding implementation of best practices, instructional resources, and assessment tools for use in science K-5. School teams will also work on curriculum alignment to ensure complete coverage of grade level content expectations.

By 2012, 100% of students at North Holland will be proficient in social studies as measured by MEAP and District social studies assessments. Additionally, each subgroup will score 100% proficient on MEAP and District social studies assessments by 2012.

We did not meet our goal in social studies and but have seen significant improvements in the following subgroups: economically disadvantaged and Caucasians and students with disabilities. In order to meet our school goal of 100% proficient, staff will work in collaborative grade level and school teams to consistently analyze demographic and achievement data to inform decisions

regarding implementation of best practices, instructional resources, and assessment tools for use in science K-5. School teams will also work on curriculum alignment to ensure complete coverage of grade level content expectations.

Our Core Curriculum

The core curriculum provides a framework for our educational programs. It is a set of expectations all students should achieve to progress in their schooling.

We are working to deliver a curriculum that provides all students with the knowledge and skills necessary for living effectively today and in the future.

Our curriculum provides expanded opportunities designed to meet individual needs. Course offerings exceed core curriculum requirements established by the Michigan Department of Education. Strong academic programming is supported by quality technology and facilities.

Integrated with our core academic curriculum and enhancing a student's quality educational experience are:

- 🐾 clubs, organizations, and athletics
- 🐾 community partnerships
- 🐾 field trips, assemblies, and special activities/events
- 🐾 integration of technology into instruction and assessment
- 🐾 library-media resources
- 🐾 Project ChARLIE
- 🐾 special education
- 🐾 student government
- 🐾 technology tools/resources

Student achievement remains our top priority. Higher standards and greater expectations have resulted in the implementation of a variety of instructional methods, progressive teaching strategies, and specialized programs designed to respond to the individual needs and learning styles of a diverse student population. We offer a demanding academic schedule for all students with an emphasis on college preparation skills. This program is supported by strong educational components that provide real-world vocational/technical training choices for students.

We embrace the concept of a brain-compatible learning environment, recognizing that individuals learn at different rates of growth through different methods of instruction and a variety of teaching/learning styles. Our curriculum makes provisions for the variability of academic skills, interests, and social, emotional, and physical development within our student population.

Aggregate Student Achievement Results on District Assessments and Nationally Normed Achievement Tests

District Interim Assessments for math and English Language Arts was piloted during the 2009-2010 school year. Targeted date for reporting information related to these tests will be June 2012.

Parent and Community Involvement in our School

Parent and community involvement in the education of children and participation in the life of a school are reflected in many ways. One avenue is attendance at parent-teacher conferences:

- 🐾 **97%** of our parents/guardians attended fall conferences
- 🐾 **94%** of our parents/guardians attended spring conferences

Additionally, parents are actively involved in school activities through volunteering and the North Holland PTC:

- 🐾 2,973 hours of service in 2008-09 (2,206 in 2007-08) were registered by 61 volunteers in 2008-09 (92 in 2007-08)

The PTC is an active and dynamic part of the school community which supports and enhances the instructional programs and activities at North Holland. All North Holland parents are automatically members and encouraged to attend monthly meetings. Annual PTC fundraisers produce the means by which the PTC operates, providing activities, parties, assemblies, field trips, and special instructional materials for our students.

Additional Points of Pride About Our School

Field Trips:

- 🐾 Kindergarten field trip to the Pumpkin Patch
- 🐾 Kindergarten field trip to The Critter Barn
- 🐾 1st grade to DeGraaf Nature Center
- 🐾 1st grade visit by the Holland Township Fire Department
- 🐾 2nd grade to Meijer Gardens and Chaffee Planetarium
- 🐾 3rd and 4th grade Birch bark Canoe Trip
- 🐾 5th grade to Holland Aquatic Center
- 🐾 5th grade to Michigan Adventure
- 🐾 5th grade to Grand Rapids Symphony Orchestra
- 🐾 5th grade to Holland Gem and Mineral Show

School & Community Projects:

- 🐾 Kids Hope Mentors/tutors from New Holland Reformed Church
- 🐾 Student Service Squad
- 🐾 Veteran's Day Assembly

- 🐾 Celebration of Learning program
- 🐾 Service Squad Food Drive for Community Action House
- 🐾 Service Squad Hat and Mitten Drive
- 🐾 Service Squad Newspaper Drive
- 🐾 Miles of Smiles Dental Van
- 🐾 Field Day
- 🐾 Spirit Week
- 🐾 5th grade visitation to Macatawa Bay Middle School
- 🐾 All School Skating Party
- 🐾 Herrick Public Library Summer Reading program
- 🐾 Girls On The Run
- 🐾 Volunteer Appreciation Luncheon
- 🐾 Monthly Positive Behavior (PBS) awards for classrooms
- 🐾 Girl Scouts and Boy Scouts
- 🐾 Monthly Birthday Table with the Principal

Educational Assemblies (sponsored by PTC):

- 🐾 Monthly Positive Behavior Support (3 R's) Assemblies
- 🐾 NED Assembly
- 🐾 Internet Safety Assembly
- 🐾 WOBOT Assembly
- 🐾 Bill Harley Assembly
- 🐾 Hope College Science Assembly
- 🐾 Tom Woodruff Art Assembly

PTC Sponsored Activities:

- 🐾 Book Fairs
- 🐾 Box Tops for Education
- 🐾 Family Story Nights
- 🐾 Project Charlie
- 🐾 Fall and Spring Carnivals
- 🐾 RIF 3rd grade book parties
- 🐾 5th grade graduation gifts
- 🐾 Open House Ice Cream Social
- 🐾 Donuts with Grownups
- 🐾 Family Movie Nights
- 🐾 Dairy Queen, Chuckee Cheese Family Dinner Nights
- 🐾 Parent/Teacher conference night dinners
- 🐾 Walkathon
- 🐾 2nd grade swimming lessons

Parents' Right to Know

To comply with the Parents Right-To-Know legislation included in the No Child Left Behind Act of 2001, parents may request information regarding the professional qualifications of the student's classroom teachers and paraprofessional/education

assistant, if applicable. For more information, please contact Sue Vincent in Human Resources via email at: vincents@westottawa.net or by phone at (616) 638-5780.

Additional State and Federally Required State Assessment, AYP, Teacher Quality, and National Assessment Data For Our School

The No Child Left Behind Act of 2001 requires that all districts and schools in Michigan report out on several educational components regarding state assessment results, AYP, teacher quality, and the NAEP. Below is a description of each of those components. The data for each of those components is reported out in the pages of our annual report that follow the descriptions.

- Results of State-Administered Assessments (MEAP, MME, Mi-Access)—these reports provide the results of the state assessments administered in our school the past two years, including how our students did overall and by group.
- AYP data—this report provides information about our school’s AYP and Education YES! status.
- Teacher Quality—this report provides you with information on the professional qualifications of the teachers at our school
- NAEP—The National Assessment of Educational Progress assessment is administered annually to a representative sample of 4th and 8th graders in schools across the 50 states. This report reflects how 4th and 8th grade students in the Michigan part of this national sample achieved on the NAEP, and does not reflect the achievement of West Ottawa Public School students.
