

## **Transparency Reporting - - District Total Reimbursements for Employees**

In 2018-2019, West Ottawa Public Schools reimbursed employees for various expenses totaling \$346,659.69. Since the school district does not issue credit cards to a large number of employees, employees incur many expenses that are then reimbursed as part of the normal course of business. These expenses add up to less than 0.47% of the total expenditures in a year.

Board members were not compensated for their participation on the board and there were not reimbursements directly to any board members.
